Preface

Hello, thank you for stopping by. In this document, you will find some of the stuff I have come across in my Ph.D. research and my personal experience.

1 Introduction

This is a book created from markdown and executable code.

See Knuth (1984) for additional discussion of literate programming.

2 Communities

This is a book created from markdown and executable code.

See Knuth (1984) for additional discussion of literate programming.

3 Softwares and Tools

This is a book created from markdown and executable code.

Part I

Daily ML.qmd

4

5 Python

This is a book created from markdown and executable code.

See Knuth (1984) for additional discussion of literate programming.

6 R

This is a book created from markdown and executable code.

See Knuth (1984) for additional discussion of literate programming.

7 Opportunities

This is a book created from markdown and executable code.

8 Scientific Writing

This is a book created from markdown and executable code.

9 Natural Language Processing

This is a book created from markdown and executable code.

See Knuth (1984) for additional discussion of literate programming.

10 Deep Learning

This is a book created from markdown and executable code.

11 Summary

In summary, this book has no content whatsoever.
